English translation:

If you want to go to other regions in Tanzania, there are bigger buses to travel to the Arusha region, Ruvuma region, Dodoma and other regions. In Tanzania, we have 25 regions. Twenty regions are on mainland Tanzania, and five regions are around the islands of Zanzibar and Pemba. We have bus transportation, but for traveling to the islands, we use boats or planes. As I said, there is no problem with transportation in Tanzania; wherever you want to go, you will go. Welcome to Tanzania. We have different kinds of transportations in the cities, and if you want to go to different regions, we have buses. If you want to go to the islands, you can take a boat or a plane. Also we have trains which help people travel to different regions. So we have many kinds of transportation and it is good to live in Tanzania and use the types of transportation we have. It is so amazing! Once again, welcome to Tanzania. Explore the land of peace and harmony and learn more about how Tanzanians live.
