1: *Mirembrama.*

2: *Mirembrama.*

1: Can you please tell us a little about yourself: where were you born, where did you grow up, school, your childhood, house, environment, family ...?

2: I was born in Shkoder. I was born in the neighborhood Rus of Shkodra, and I spent most of my childhood in the Perash neighborhood. A small one-floor house, because all of the houses at that time had a garden around, even the neighbors ...the neighborhoods at that time did not have any of the tall buildings that exist today ... apartments as they called them. We had good neighbors; they are remembered even to this day, all of the inhabitants, in our memory, of the neighborhood where we grew up. Most of the childhood was spent at school, but it was also spent playing the games of that time.

1: Is there a game that you remember?

2: Games ... the games of that time were unique. It was the time after World War II; it was with improvised arms, or some that were old or used during the war. Children would play with each other. At that time they would play with *llastik* and kill birds which were numerous in our gardens. Further down, you had the land of some owners from Shkoder. In that land you had hunting, as much hunting as there is today in the whole city. There was also hunting of birds. Or during ....

1: Hunting with firearms or ...?

2: With a simple *flamber*....

1: What is a *flamber*?

2: *Flamber* is a very small fire arm with very small bullets ... We would also improvise as well. It would scare the birds away. At that time we would go in the lands; together with the other hunters of the city we would stay and hunt together at the green land. Apartment complexes were build later in Shkoder.

1: What years are we talking about?

2: After the seventies. In contrast with the other cities, they started building a lot of buildings. The small houses would leave space for the big buildings.
