Популярен футбол. Все казахские мальчишки, начиная с шестилетнего возраста гоняют футбол, с футбольным мячом. И, по-моему, ни одного парня не обошла эта интересная игра. Вот очень популярно плавание. Теннис достаточно популярный. Ну, в принципе, такие виды спорта, которые развиты и в европейских странах. Спорт национальный существует, традиционная казахская борьба. Но я, девочка, мало об этом знаю и думаю что не смогу многого об этом рассказать. Но она очень популярна я знаю среди молодёжи, этот вид спорта.

English translation:

Football (soccer) is popular. All Kazakh boys play this game beginning from the age of six, running after the ball. I think there is no guy who has not played football in his life. Swimming is popular too. Tennis is quite popular. Actually [there are] most of contemporary kinds of sports that are popular in European countries. There is a national sport, traditional Kazakh wrestling. But I am, as a girl, not aware much and cannot tell about it a lot. But I know that it is very popular among the youth, this type of sport.

About CultureTalk: CultureTalk is produced by the Five College Center for the Study of World Languages and housed on the LangMedia Website. The project provides students of language and culture with samples of people talking about their lives in the languages they use everyday.
