### English translation:

... It is for kids my age, and those a bit older -- up to the age of 16. I signed up and went to one of them in the region of *Laween*. I used to leave home around 7:00 a.m., and come back around 12:00 noon. We used to have a number of activities and competitions in soccer and basket ball, among other sports. Tents were put up so we could use them as sheltered places to have breakfast. After that, we would be involved in activities like pulling ropes [tug-of-war], etc. I had lots of fun at that summer camp. We also used to have cultural [academic-related] competitions, in which the winners, who gave the right answers to the questions they asked, received prizes. I participated in answering the questions and did get some prizes. I had a lot of fun there. We also played a lot. At the end of camp, we had a trip to an area called *Al-bathan*. I went with my friends, and we swam there. There were big buses to take us home. Usually, after coming back from camp, I would go on with my daily activities at home. I watched TV or did other things. Since it was summer vacation, I also spent my time visiting my friends in the neighborhood, shopping at the market, and playing with neighborhood friends.
