Bunun dışında Edirne’de el sanatları da gelişmiştir. Süpürgecilik çok yaygındır, çünkü çok eski ve geleneksel bir sanat. Şu anda süpürgecilik yani süpürge dediğimiz bizim evleri eskiden süpürdüğümüz, el süpürgeleri, çalıdan yapılan. Ama şu anda tabii sadece şey olarak kullanılıyor, yani evlerde dekorasyon amacı ile kullanılıyor. Ve o süpürgeleri çok güzel süslüyorlar. Süpürgelerin dışında bir de meyve sabunu çok meşhurdur Edirne’nin. Elle yapılır ve meyve şeklinde sabunlardır, çok güzel kokarlar, onlar da yine dekorasyon amacıyla kullanılıyor artık. Her türlü aklınıza gelebilecek her meyvenin sabunu yapılabilir, karpuz kavun, üzüm, armut, nar, mandalina, portakal, aklınıza ne geliyorsa, hepsinin sabunlarını yaparlar ve onu şöyle küçük bir sepete koyarlar. Evde koyunca evinize hem güzel koksun hem güzel gözüksün diye.

**English translation:**

Other than this, art crafts are very developed in Edirne. Broom-crafting is very common because it is a very old and traditional handcraft. Right now broom-making, I mean, what I mean by broom are the brooms with which we used to clean the houses, hand brooms, made from shrubs. But of course right now, they are only used as things; I mean they are used for decorative means in the houses. And they decorate those brooms very nicely. Other than brooms, also the fruit soaps of Edirne are very famous. It is handmade and they are shaped like fruits. They smell very nice; they are also used for decorative purposes as well. Soaps can be made from all the fruits that you can think of: watermelon, melon, grapes, pear, pomegranate, tangerine, orange, whatever comes to your mind. They make all of their soap and put [it] in this little basket so that it both smells good and looks nice when you put it in your house.
