English translation:

L: Ramadan is no longer the month of fasting. It's becoming the month of series and drama. Kuwaiti drama is now dominating and being watched more than other Arabic drama. Kuwaiti and Qatari series are the most abundant, more than Egyptian and Syrian drama. Egyptian drama was competing with Kuwaiti drama, but Kuwaiti drama took over and is now the most popular. I think Egyptian series always has the same story line but every time they bring new actors and new script but the story line is the same. So Ramadan is mostly about Arabic, Syrian, Egyptian, Lebanese serial dramas.
